

WOOD: Solid. Enduring. Resilient.

The Value of WOOD

This Maui DHHL project built by Armstrong Builders has 24 wood framed homes, with lumber supplied by Honsador, treated by Honolulu Wood Treating, and shipped to Hawaii by Sause Bros.

- Wood uses 53% less energy to produce than other building materials
- Wood conducts 400 times less heat than other building materials
- Wood homes use far less energy and money to stay cool
